محترم محمود کرزی:

ساخت شهر جدید کابل از اولویتهای مبرم وزارت شهرسازی و اراضی است.

(2) Herat Strategic Development Framework (SDF) Finalized...

of World Bank the Strategic

Development Framework of Herat, Mazar-e-Sharif, Khost, Jalalabad and Kandahar provinces are extremely vital for the ministry.

In addition, the deputy minister of MUDL continued; practical work on the mentioned five cities' Strategic Development Framework has been started last year and now it has reached to the ultimate stage. Mr. Roshaan Wolusmal further noted that the framework for strategic development of cities is prepared in five stages and in today's meeting, all parts of the strategic development framework of Herat city will be presented to receive suggestions from provincial officials in order to enrich it as much as possible. Furthermore, the deputy minister of

Furthermore, the deputy minister of Urban Development also stated that the strategic development framework of Herat city is focused on preserving historical monuments, tourism, economic and agricultural growth and regional connections.

Subsequently, Mr. Ghulam Hazrat Shafiq mayor of Herat said; although Herat is one of the major cities, it lacks a plan and the arrangement of the strategic development framework will be effective for it. Then, the head of the Urban Development Project in the structure of the Ministry of Urban Development and Land while explaining (SDF) of Herat, reminded that there are five development points for each city.

The five-city strategic development plan, including Herat, is scheduled to be submitted to the US-based Sasaki Company for approval, and its final plan will be received again in the near future.

It is worth noting, that with the development of the Strategic Development Framework (SDF), a development perspective will be created for two decades.

(1) Mr. Mahmood Karzai Meets Kunar Governor ...

In the beginning of the meeting, Mr. Abdul Satar Mirzakwal, Governor of Kunar, in addition to the construction of Khas Kunar Township, asked for emergency measures to implement the provincial Administrative Complex, precious stones commercial center, governor's guest house, districts development plans, Kunar regional plan as well as municipality buildings for 7 districts of Kunar and cooperation in implementing the developmental plan of Assadabad city.

Afterwards, Mr. Mahmood Karzai, Acting Minister of Urban Development and Land, in his remarks, assured that the rest of the design work of the Governor's Guest House project will be finalized and sent to procurement soon and technical delegation will also be sent to the province to prepare Assadabad master plan.

In addition, Mr. Karzai also promised to send a delegation to Khas Kunar district for technical survey and land clearance.

During the meeting, besides discussing the land clearance, the Acting Minister of Urban Development and Land Affairs gave necessary instructions to the relevant officials regarding the finalization of urban plans of Noor Gul, Narang and

Sarkano districts and implementation of other important projects.

The Director of Kunar Urban Development and Land during his speech said; the new town of Khas Kunar is vital for the development of the province, which will include the airport, Sayed Jamaluddin Afghan University administrative complex, industrial park, residential and commercial areas. He mentioned the importance of sports and recreation centers, roads and other modern facilities, he again stressed the need for joint cooperation in the construction of such facilities.

Sharbarghan Strategic Development Plan Approved

Mr. Mahmood Karzai, Acting Ministry of Urban Development and Land – MUDL, with the presence of Mr. Roshaan Wolusmal, Deputy Minister of Urbanization Affairs, MPs of Jawzjan and officials of the ministry, approved the Strategic Development Plan of Shabarghan, the provincial capital of central Jawzjan province.

Moreover, the Strategic Development Plan of Shabarghan is building on 1,880,7.51 hectares of land, which includes national parks, administrative installments, terminals, airport, sea, residential areas for restoration, residential areas for high population, industrial areas, health, cultural, sport, road, green area, administrative complex and other necessary attachments.

In addition, the mentioned plan in Strategic Development Plan (SDP) project has been designed with a development perspective for the next 15 years.

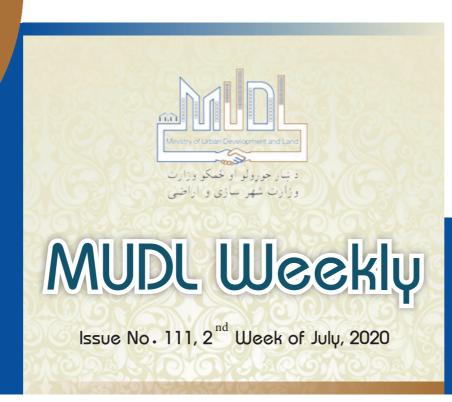

Economic self-sufficiency, sustainable development and urban green environment are the aim of the strategic development plan of Sheberghan city.
